

Russell St. School thanks LELED for restoring power after storm

Max Nordhaus, a student at the Russell St. School, presents General Manager Savas Danos with a thank you card signed by all students and teachers at the school. On his own initiative, Max crafted the card and circulated it among classrooms to express thanks for LELED's efforts to restore power in the wake of the October snowstorm. Impressed by the gesture, Danos gifted Max with an LELED fleece cap.
