

# **Rate Schedule: Renewable Energy Choice**

## **RATE 100**

**Designation: MDPU 100**

### **Applicable to:**

The following voluntary rate shall be applicable to all LELD Customers, as defined herein, that request to enroll in this rate.

### **Rate Charges:**

The object of Rate 100 is to provide all LELD Customers the opportunity to contribute to the retirement of NEPOOL GIS compliant renewable energy certificates (RECs) or equivalent. This rate is based on the REC market under ISO-NE, to ensure participating customers energy is 100% renewably sourced.

This voluntary rate shall add, to each monthly bill, an amount equal to the total kWh billed during the month multiplied by the Renewable Energy Charge (REC), as follows:

Renewable Energy Charge = monthly kWh usage \* market price of certified renewable energy certificates.

### **Terms:**

Charges for renewable energy will appear as an item on a customer's electric bill and bear the same terms as the customer's general service rate.

### **Conditions:**

Customer hereby agrees to add this rate for a minimum period of 12 months, unless the customer's right to occupy the premises ceases during such period. This rate is subject to change due to the market conditions within ISO-NE. All funds under this rate will be used to retire certified renewable energy certificates or equivalents.

Effective: September 12, 2022
