

Job Opening Line Clearance Trimmer II

A position is available with the Littleton Electric Light Department for a Line Clearance Trimmer II.

Under the Supervision of the Distribution Supervisor, the Line Clearance Trimmer II will direct, participate in and be responsible for performing tasks associated with the ongoing vegetation management activities for the Littleton Electric Light Department. Specifically responsible for tree, brush, and vegetation trimming and clearing to mitigate conflict with overhead electric power lines and structures, along with Right-of-Way maintenance and other miscellaneous trimming. This position will also periodically assist the Facilities Manager in various duties required to maintain the LELWD buildings and properties.

The successful applicant must possess a valid class B commercial drivers license and must have a minimum of (1) year of Line Clearance Trimmer experience.

A job description and requirements are available on our website, www.lelwd.com or by requesting a job description via email: hr@lelwd.com.

Salary is commensurate with experience.

Resumes will be received in the Offices of the Littleton Electric Light and Water Departments via email, hr@lelwd.com, until the job is filled.
