

Summer Water/Sewer Laborer

The Littleton Water Department will be hiring a summer laborer to assist licensed water and wastewater operators with the routine operation & maintenance of water/sewer system infrastructure. Depending on the applicant's abilities and interests, this may include assisting with the maintenance & operation of specialized equipment (after receiving training), as well as independently conducting non-specialized maintenance activities. Potential duties include painting of fire hydrants, water quality sampling and laboratory analysis, assisting with the maintenance and repair of water/wastewater treatment equipment and instrumentation, assisting with water service repairs, and GIS mapping of infrastructure.

The position requires a valid Class D Massachusetts Driver's license, the ability to pass a pre-employment drug screen and physical, and a genuine interest in learning about water and sewer utility operations. The position is for 40 hours per week, 6:30 – 4:30, Monday through Thursday. Dates of employment are flexible but anticipated to be up to 13 weeks between early June and late August/early September. Pay rate is \$22 per hour.

To apply, please send resume, cover letter, and contact information for three references to Matt Silverman, Water & Sewer Superintendent, Littleton Electric Light & Water Departments, 39 Ayer Road, Littleton, MA 01460 or by email at hr@lelwd.com. Applications accepted until May 25, 2026.
